

The Town of Rutland is currently implementing ViewPoint Cloud in several departments. ViewPoint is an all-in-one electronic permitting, licensing, and inspection system.

The system will allow developers, business owners, tradespeople, and homeowners to electronically submit applications for several types of permit or license and to arrange for inspections online.

Building Department, Department of Public Works (DPW), and Fire Department permit applications can now be processed by the public using ViewPoint.

The Board of Health is expected to go live to the public by the end of January, 2020.

A ViewPoint kiosk is available in the Town Hall Annex or applications can be processed from home or office by entering <https://rutlandma.viewpointcloud.com> in the address bar of the web browser.

The next department to implement ViewPoint will be the Select Board Office. It is expected that the Select Board Office will implement ViewPoint for public use by March 2020.

For more information, please contact the Building Department at (508) 886-4100 x3002, the Planning Department at (508) 886-4100 x3001, the DPW at (508) 886-4100 x4002, the Fire Department at (508) 886-4100 x250, the Board of Health (508) 886-4100 x3012, and the Select Board Office at (508) 886-4100 x2001.
