RUTLAND BOARD OF HEALTH

WELL PERMIT

Permission is Granted to:
Street Address
to construct a Water Well located at (number and street)
in accordance with all local, state and federal guidelines in effect on this date.

Driller’s Name

Address

Massachusetts registration number

License expiration date:

A well quantity, draw report must be completed and registered in the Board of Health office. A well quality report with parameters including but not limited to detection of bacteria, volatile organic compounds, nitrate and nitrites and as required by a TITLE 5 water quality test, in addition to detection of arsenic and lead should be submitted to the Board of Health office on completion. Additional testing may be requested in specific circumstances as required by the Board. For further information you may contact Health Agent Richard Stevens, 774-314-5672. Any deficiencies in water quality may require the installation of water purification and/or treatment units before operation of a potable water supply.
